The good news for you is, QC Makeup Academy has worked with some of the best artists in the industry to create a training program that you can complete from the comfort of your own home, while still receiving the hands-on experience and feedback you'd get from a classroom course!

HERE'S A BREAKDOWN OF QC'S 5-STEP ONLINE LEARNING SYSTEM.

1

ENROLL ONLINE & RECEIVE YOUR COURSE MATERIALS

When you enroll, you receive access to your online student center and within a few days you receive all your course materials in the mail. These include textbooks, course guides, DVDs and the extra makeup kits that come with most courses.

2

WORK YOUR WAY THROUGH THE ONLINE COURSE

Each course is split into learning units, and each unit comes equipped with an easy-to-follow course guide that directs you through the course. Follow the course guide to know when to read a book, when to watch a video, and when to complete an assignment. Get stuck? No worries, QC's Student Support Specialists are there to help!

SUBMIT YOUR ASSIGNMENTS

Throughout each unit, you'll have a combination of written and practical assignments. For the practical makeup assignments, you'll be asked to take photographs of your work at different stages of the makeup application. Once all assignments for a unit have been completed, you'll upload them to the online student center and submit the unit for grading!

REVIEW YOUR TUTOR'S FEEDBACK

Once your personal tutor has graded your unit, you'll receive their detailed audio feedback on what you did well, where you could improve, and advice for the next unit. Listen carefully and keep this feedback in mind as you start the course work on your next unit. Watch your work progress and improve as you complete the course!

GRADUATE & RECEIVE YOUR CERTIFICATE

Once you've completed the entire course, you'll graduate and receive your certificate of completion which shows you've successfully completed a professional training program. Step into the world of professional makeup artistry confident that you have the skills and knowledge to be successful!

SUPPORT EVERY STEP OF THE WAY

In order to succeed as a professional makeup artist, you need more than just a quality course. You need a well-rounded educational experience where you are challenged by experts, a student support team who's there for you, and a strong connection within the makeup community.

And that's exactly what your QC education will give you:

STUDENT SUPPORT SPECIALISTS ASSIST YOU

When you enroll with QC, you'll have unlimited access to professionals who understand the ins and outs of your course and the industry you're studying. Reach out to them as often as you'd like throughout your course, and even after you graduate!

Contact Student Support by phone, live chat or email... whichever you prefer!

The background of the page features a close-up, artistic shot of several makeup brushes. A large, dark brush with reddish-brown bristles is prominent in the upper right. Another large brush with dark, dense bristles is in the upper left. In the lower half, a large, light-colored brush with soft bristles is on the left, and several smaller, more detailed brushes are scattered on the right. The lighting is dramatic, highlighting the texture of the bristles against a dark background.

INDUSTRY EXPERTS EVALUATE YOUR WORK

All QC courses are taught by professional makeup artists who have years of experience within the industry. When you enroll in a course, you'll be paired with one of these professionals as your personal tutor. CERTIFICATION & LICENSING

In most areas, you do not need a license to practice makeup. Therefore, a certification can be used as proof of competency to your clients who will want to know that you are properly trained!

The makeup industry is regulated differently in every part of the world, usually at a state or provincial level.

If you do require a license to practice makeup in your area, you might need to obtain a diploma in cosmetology before you can legally practice. Other areas require you to have a specific number of hours to qualify for a license, or to take a specific training program. Whether a QC Makeup Academy Certification will help you qualify for a makeup license will depend on the specific state/provincial regulations.

Please be sure to check your local regulations to find out if there are any requirements to become a makeup artist in your area.

If you are already a licensed cosmetologist but want to offer makeup services, QC's courses will absolutely teach you what you need to know to expand your career!
